

Study Number: 10058

Stipend: \$1,450

Age: 18-64

Sex: males and females

Health Status: diagnosed with chronic hepatitis C (We are looking for people with a Genotype of 1. If you do not know your genotype, that is ok, we will test for it)

Height/Weight: height/weight proportionate, BMI 18-32 kg/m²

Stay: one, 5-night stay and 5 outpatient visits

You or your referral will receive up to \$1,450 for participation and completion of this study. In this study we are testing an investigational drug being developed to treat hepatitis C. We will be assessing the safety and tolerability of the study drug.
